GAME SUMMARY

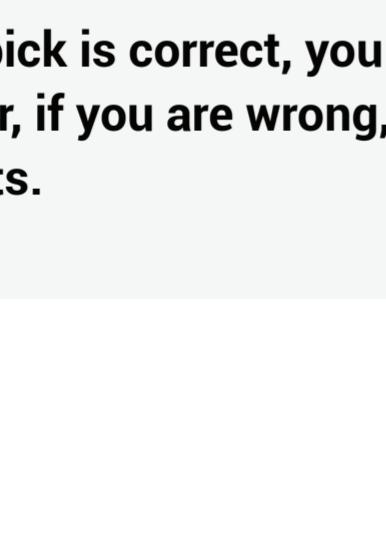

4TeamFantasy® is a mashup of traditional fantasy football and game picking.

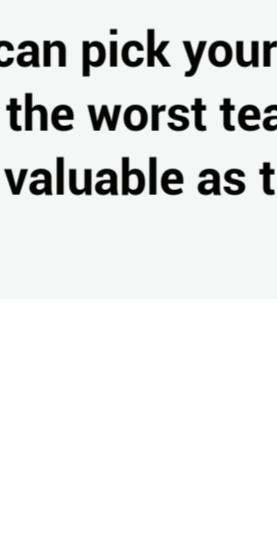

We divide the season into four quarters and pick 4 new teams for each quarter of the season.

HOME	TAB	10:08	GUEST
DOWN	TO GO	BALL ON	QTR
14	2	3	9
3	5	12	2

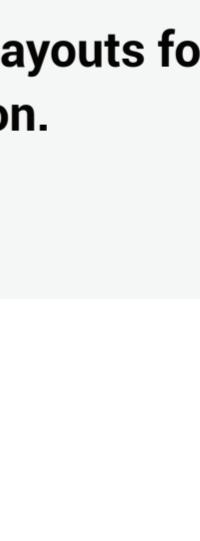

Instead of drafting players and setting a lineup each week, you draft teams and pick whether they win or lose each week.

If your pick is correct, you get 25 points. However, if you are wrong, you lose 25 points.

Since you can pick your teams to lose in this game, the worst teams in the league are just as valuable as the best teams.

Prizes and payouts for each quarter and end of season.

- EACH MEMBER WILL COMPETE DIRECTLY WITHIN THEIR GROUP OF 8, AND THEIR SCORE WILL ALSO BE INCLUDED IN ALL OF THE PRIZES AND PAYMENTS FOR THEIR LEVEL.

- YOU CAN...

- Setup your own private group and invite friends and family
- Join a private group if invited by the group
- Join a public group (4Team will place you in a Group)

OBJECT OF THE GAME

To get as many points as you can for each Quarter of the Season and for the entire Season

MEMBER TEAMS ARE COMPRISED OF NFL TEAMS INSTEAD OF PLAYERS

- Each Member will draft against the other members in their group and pick 4 teams to use for that quarter. A team can not be drafted by more than one person
- Drafts will be done at the beginning of the season
- Then each quarter of the season; Q2, Q3 & Q4
- Members only use the 4 teams they draft for that part of the season.

SCORING

- Members pick those 4 teams to either win or lose.
- If picked correctly the member gains + 25 points
- If picked incorrectly the member loses - 25 points
- Bye weeks count as a 0 score. No gain, no loss.
- Best weekly score would be + 100 points

SUBMIT YOUR WEEKLY PICKS

- If your pick is not submitted in time it will result in a loss of - 25 points
